

# 5 Star Dream Season Sweet 16!

**\*Welcome to 5 Star Cheer Company Season 16!**

**We are very excited that you are considering joining one of our 5 Star Dream Exhibition team this season. The past 5 years have been focused on rebuilding, then surviving through COVID, and now it is time to HAVE SOME FUN! The contents of this packet will give you an inside view to the commitment level, and financial obligations, associated with the decision to join our 5 Star family. Please take ample time to consider all things mentioned in this packet. We want to be sure that everyone who decides to join us for Season 16 is very clear on the vision, and ready to honor their commitment to their team and to 5 Star!**

## **Team Practices:**

**Regular weekly team practices will be held from 5:30 to 7:30. Twice each month for June & July and 3 times each month for August through March. The actual day of each practice will be decided once Season 16 tryouts have come to a close at the end of May. The first hour of this practice will focus specifically on tumbling skills. The second hour will focus specifically on the routine they will showcase at competitions/performances!**

## **What To Wear:**

Until practice wear arrives, athletes should wear all or mostly black! We will have certain free dress & themed days, but will send notice of those as they come up!

## **Performance Schedule:**

You will find our Season 16 exhibition performance schedule in the back of this packet. As you are considering the financial responsibility associated with your decision, please be aware that there are spectator entry fees for each competition & travel expenses for out-of-town competitions! We have done our best to put space between our out-of-town competitions, but want to be sure you count this cost when making your final decision!

## **Financial Obligations:**

Honoring your Financial Obligations, in a timely manner, is a huge part of the success of each season. We definitely have strict deadlines to meet, and work hard to keep things flowing smoothly with the business of 5 Star. Please take time to carefully review the Financial Obligations schedule, and consider where the due dates fall & how that works with your financial situation.

# **Season 16**
